September 2017

Dear Parents,

The Medford Home and School Association (HSA) would like to welcome you and your children back to another exciting school year. HSA helps the school district in a number of ways. We provide volunteer help and conduct fund raising activities for the benefit of the students. This is your opportunity to get involved and really make a difference in your child's education. Our fundraisers provide the school with cultural programs and "extras" not included in the school budget.

You can support the HSA through your \$20.00 family membership contribution and receive a copy of our school calendar. To be successful, we also need your time and talents, so please let us know if you can assist with various fundraisers we have throughout the year. Please complete the membership form below. Then, return it with your **\$20.00 check**, made payable to **Medford HSA**, to your school marked "**HSA Membership.**" We look forward to another successful year.

Sincerely,
Angie Evans
President, HSA
